## NTPAD160LD6A0

Note: This datasheet may be out of date. Please download the latest datasheet of NTPAD160LD6A0 from the official website of Murata Manufacturing Co., Ltd.

http://www.murata.com/en-gb/products/productdetail?partno=NTPAD160LD6A0

## Discontinued RoHS REACH

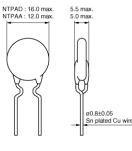

### Applications

| Unsuitable               | Please be sure to read and comply with     |
|--------------------------|--|
| Applications             | these "Precautions for use."               |
| Specific<br>Applications | Industrial Equipment                       |
|                          | Please refer to Our Website and            |
|                          | specifications, etc. for information about |
|                          | the performance, functions, quality,       |
|                          | management, and safety required for        |
|                          | the above applications, and use            |
|                          | Products after confirming the              |
|                          | performance and reliability of the actual  |
|                          | Product.                                   |

## Appearance & Shape

(in mm)

## Packaging Information

| Packaging | Specifications | Standard<br>Packing<br>Quantity |
|-----------|----------------|---------------------------------|
| A0        | Ammo Pack      | 400                             |

1. Lead is not contained in the ceramic element, the terminations, the solder for inner connection and the coating resin.

2. Most suitable for power supplies of less than 100W

3. Excellent recovery characteristics due to resin coating with excellent heat characteristics

#### Attention

1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued

without advance notice. Please check with our sales representatives or product engineers before ordering.

2. This datasheet has only typical specifications because there is no space for detailed specifications.

Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

## Specifications

| Resistance (25°C)   | 16Ω            |
|---|----------------|
| Resistance Value Tolerance<br>(at 25°C)                       | ±15%           |
| Permissible Max. Current<br>(25°C)                            | 2A             |
| Permissible Max. Current<br>(55°C)                            | 1.7A           |
| Thermal Time Constant   | 100s           |
| Typical Dissipation Constant<br>(25℃)                         | 19.1mW/°C      |
| Permissible Electrolytic<br>Capacitor                         | 2700µF         |
| Measure Condition of<br>Permissible Electrolytic<br>Capacitor | at 100V        |
| Operating Temperature<br>Range                                | -20°C to 160°C |
| Lead Shape  | Lead Wire type |
| Shape   | Lead           |
| Mass  | 2.54g          |
| MSL   | Ν              |
