

## **Product Search Data Sheet**

Note: If you have not downloaded this document from our official website, please note that the information provided may not be the most current.

Please download the latest datasheet of CFWLB455KGFA-B0 from the official website of Murata

http://www.murata.com/en/products/productdetail?partno=CEWLB455KGEA-B0

# CFWLB455KGFA-B0

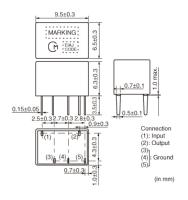

## **Applications**

| Unsuitable               | Please be sure to read and comply with     |  |
|--------------------------|--|--|
| Applications             | these "Precautions for use."               |  |
| Specific<br>Applications | Consumer equipment                         |  |
|                          | Please refer to Our Website and            |  |
|                          | specifications, etc. for information about |  |
|                          | the performance, functions, quality,       |  |
|                          | management, and safety required for        |  |
|                          | the above applications, and use            |  |
|                          | Products after confirming the              |  |
|                          | performance and reliability of the actual  |  |
|                          | Product.                                   |  |

## Appearance & Shape

# Packaging Information

| Packaging | Specifications | Standard<br>Packing<br>Quantity |
|-----------|----------------|---------------------------------|
| -B0       | Bulk           | 150                             |

## **Features**

CFWLB series ceramic filters are miniature, high-performance ceramic filters composed of piezoelectric elements connected in a ladder form. These filters, only 6.3mm high, are 67% the volume of conventional types. They are well suited for miniaturizing various kinds of communications equipment, pocket pagers, pagers, car radios, cordless telephones and mobile telephones.

### Features

- 1. Miniature and high selectivity
- 2. Avariety of bandwidths are available.
- 3. Operating temperature range: -20 to +80 (degrees C), Storage temperature range: -40 to +85 (degrees C)

1 of 3

### Attention

- 1. This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.
- 2. This datasheet has only typical specifications because there is no space for detailed specifications.
- Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering

Note: If you have not downloaded this document from our official website, please note that the information provided may not be the most current.

# CFWLB455KGFA-B0

# **Specifications**

| Operating Temperature<br>Range | -20°C to 80°C                |
|--------------------------------|------------------------------|
| Shape                          | Lead                         |
| Elements                       | 6                            |
| Center Frequency               | 455.0kHz                     |
| Nominal Center Value           | Yes                          |
| 6dB Bandwidth                  | fn±4.5kHzmin.                |
| Stop Bandwidth                 | 10.0kHz                      |
| Area of Stop Bandwidth         | [within 50dB]                |
| Stop Band Attenuation          | 35dB[within fn±100kHz]       |
| Insertion Loss                 | 6.0dB[at minimum loss point] |
| Ripple                         | 2.0dB[within fn±3kHz]        |
| Input/Output Impedance         | 2000Ω                        |
| Mass                           | 1386mg                       |
