Appearance & Shape

Packaging Information

Packaging	Specifications	Standard Packing Quantity
T	Box	500

Features

Murata 's supecapacitors(EDLC) are world thinnest supercapacitors featuring low ESR and the highest levels of power density throughout the industry.
DMT series featuring wide operation temperature range & high reliability are for general applications.

Attention

- 1.This datasheet is downloaded from the website of Murata Manufacturing Co., Ltd. Therefore, it's specifications are subject to change or our products in it may be discontinued without advance notice. Please check with our sales representatives or product engineers before ordering.
- 2.This datasheet has only typical specifications because there is no space for detailed specifications.
Therefore, please review our product specifications or consult the approval sheet for product specifications before ordering.

DMT3N4R2U224M3DTA0

Specifications

Operating Temperature Range	-40°C to 85°C
L x W (size)	21.0x14.0mm
Thickness	2.2mm
Thickness Tolerance	+/-0.3mm
Rated Voltage	4.2V
Capacitance	220mF
Capacitance Tolerance	±20%
Equivalent Series Resistance	300mΩ
