Please download the latest datasheet of XTCHH16M800TJEA2P0 from the official website of Murata

## XTCHH16M800TJEA2P0

Discontinued

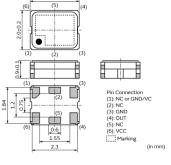

## **Applications**

| Unsuitable   | Please be sure to read and comply with     |
|--------------|--|
| Applications | these "Precautions for use."               |
|              | Industrial Equipment                       |
|              | Please refer to Our Website and            |
|              | specifications, etc. for information about |
| Specific     | the performance, functions, quality,       |
| '            | management, and safety required for        |
| Applications | the above applications, and use            |
|              | Products after confirming the              |
|              | performance and reliability of the actual  |
|              | Product.                                   |

## Appearance & Shape

## Packaging Information

| Packaging | Specifications     | Standard<br>Packing<br>Quantity |
|-----------|--------------------|---------------------------------|
| P0        | 180mm Plastic Tape | 3000                            |

### **Features**

Based on long experience and activity, Murata's Crystal Oscillator consists of high quality quartz crystal unit and excellent temperature compensation circuit, which are packaged with high circuit technology and high adjusting technology. They are suitable for communication equipment, business radios, GPS(GNSS) system and survey equipment.

# XTCHH16M800TJEA2P0

## **Specifications**

| Shape   | SMD                       |
|---|---------------------------|
| Frequency   | 16.8000MHz                |
| Operating Temperature<br>Range                            | -30°C to 85°C             |
| Supply Voltage  | +3.0±5% (Vcc)             |
| Current Consumption(max.)                                 | 2mA                       |
| Output Voltage  | 0.8Vp-p / min.            |
| Load Impedance/Capacitance Frequency Shift by Temperature | (10Kohm//10pF)±10%        |
|   | ±0.5ppmmax.               |
| Frequency Aging   | ±1ppmmax./year            |
| Frequency Tolerance                                       | ±1ppmmax. (25±3°C)        |
| Frequency Controlled Range                                | ±5ppm min. to ±15ppm max. |
| Mass  | 15.627mg                  |
